ASSESSOR'S REPORT

The change of assessment notices for the Town of Barre have been out for about a month. I have had six people come in and about a dozen phone calls. Most of the concerns have been about other town matters that they feel should affect the value of property that the assessor does not control. The sales so far in 2009 have been for more than assessed value. The only property to sell below assessed value is a mobile home. About 20% of the residences in the Town of Barre are some sort of mobile home.
